

District: Adrian SD 61

The purpose of the District Measures of Interim Progress (MIP) Details report is twofold. First, it displays district level data for four indicators (i.e., achievement, growth, graduation, and assessment participation) disaggregated by student group and grade level (3-5, 6-8 and 11). Second, it provides an indication of whether districts have met their MIP for achievement, graduation, and participation by student group.

The District MIP Details report contains the following:

- English language arts and math achievement by student group
 - o elementary (grades 3-5) on p. 2
 - o middle (grades 6-8) on p. 3
 - o high (grade 11) on p. 4
- English language arts and math growth by student group
 - o elementary (grades 3-5) on p. 5
 - o middle (grades 6-8) on p. 6
 - o high (grade 11) on p. 7
- Graduation by student group
 - o high on p. 8
- English language arts and math assessment participation by student group
 - o elementary (grades 3-5) on p. 9
 - o middle (grades 6-8) on p. 10
 - o high (grade 11) on p. 11

The Academic Achievement indicator reflects the percent of all students that meet or exceed standards on the state English language arts and mathematics assessments in grades 3 to 5 in the district. Both English language arts and mathematics have an annual measurable target, and each student group will meet the target if the value for "% of students at Level 3 or Level 4" is greater than or equal to the target. Each student group will meet the target if the value for "% of students at Level 3 or Level 4" is greater than or equal to the target.

The Growth indicator measures the English language arts and mathematics growth of all students and historically underserved students in grades 3 to 5. The accountability system uses the median growth percentile to represent the "typical" growth for each student group.

To receive an Academic Growth indicator rating, a student group must meet the minimum size requirement for the Academic Achievement indicator rating (i.e. 40 tests in the last two years combined) and have at least 30 students with growth percentiles.

The Graduation indicator displays the graduation rates of all students and historically underserved student group. The rating for the Graduation indicator is the higher of the ratings between the four-year rate and the five-year rate. A student group meets the MIP for graduation if it is Level 3 or higher for either the four-year rate or the five-year rate. A student group must have at least 40 students (combined) in the two most recent cohorts in order to receive a rating.

All students in tested grades and enrolled on the first school day in May must take a statewide assessment. The tables below display the percentage of students who took a statewide assessment by school year, subject, and student group in grades 3 to 5. The tables also indicate whether each student group met the federal participation rate target of 94.5%.

The Academic Achievement and Academic Growth indicators depend upon student test scores. These indicators are valid only when schools uniformly test all students.

Note that non-participants include the following: students whose parents/guardians opted them out from taking the statewide English language arts or mathematics assessments, students who were absent for an extended period of time, students whose parents/guardians requested they not participate for religious or disability related reasons, or students who did not participate due to unknown circumstances.
